

Socio-economic trends

Socio-economic trends ■ OECD ■ BRICS ■ Others

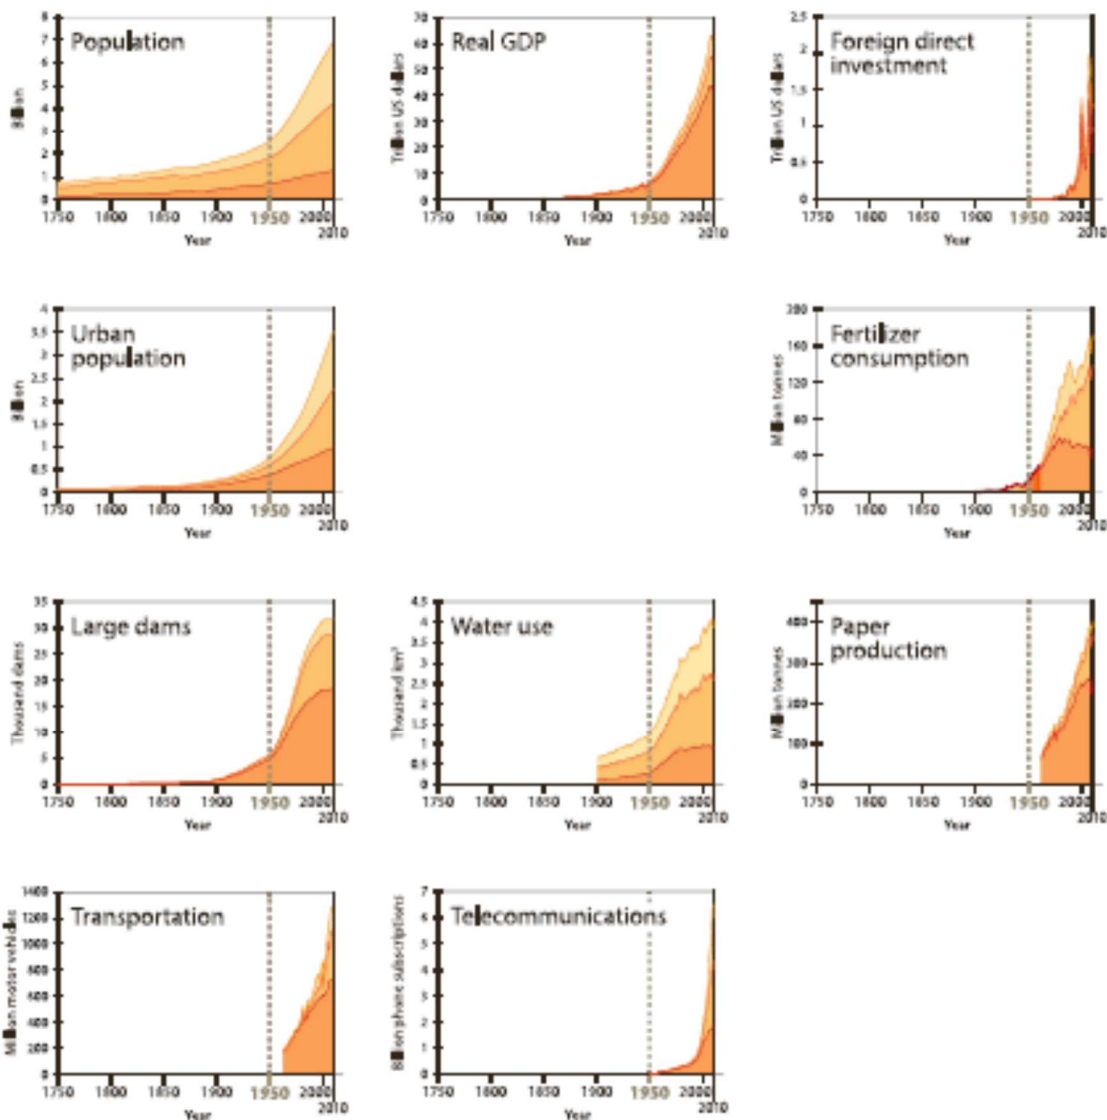

Figure 2. Trends from 1750 to 2010 for ten of the socio-economic graphs (excluding primary energy use and international tourism) with three splits for: the OECD countries, the so-called BRICS (Brazil, Russia, India, China (including Macau, Hong Kong and Taiwan where applicable), and South Africa) countries, and the rest of the world.
